

MJ16 37MM SEAMLESS TRANSITION COVER

MJ16 Seamless transition cover is designed for use on internal installations, where flooring of different types and heights meet with maximum height variation of 10mm.

Product specifications

Product code:	MJ16
Overall length:	3.3m
Horizontal width:	37mm
Vertical Height:	4.3mm
Anodised finishes:	
	Black (BL) ✓
	Bronze (BR) ✓
	Champagne (CH) ✓
	Pewter (PE) ✓
	Silver (SI) ✓
Lengths per carton:	10

Installation instructions

Cut the MJ16 to your required length. Secure in place utilising MJS GF400 adhesive applied along the bottom and both edges of the extrusion to fill in any surface variations between the flooring surface and transition cover. This could eliminate any subsequent “tapping” effect that could develop.

Safety statement: When cutting or drilling aluminium we recommend the use of safety glasses and gloves.
